Furthermore, the university may give support thru scholarships or any assistance to motivate her to pursue.	- The PUP Lopez Campus Library is under the leadership of the University Library Director, a licensed professional librarian holding a Master of Library and Information Science degree. Supporting him in the administration are the Chief of Branch and Campus Libraries and the dedicated library staff. - The University administration fully supports the academic advancement of employees who wish to pursue higher education. 2. The library may acquire more updated printed books and subscribe to specialized journals/magazines published locally and internationally to meet the standard of three to five titles for professional subjects. Moreover, e-resources subscriptions may also be sustained as the faculty and students need supplementary information resources for the online classes.	- The institution recognized that the current holdings of professional books and serials for the BSBAMM remain limited. - In response, the library is committed to strengthening its academic collection by systematically expanding acquisitions of core textbooks, authoritative references, and industry relevant journals aligned with the program outcomes and CHED standards.	100%	https://drive.google.com/drive/folders/1OnxxczlQSACEI4WCLQuOxE50Mm6K4_pzf?usp=sharing
